Dear Sir/Madam

My name is Tebogo am doing my 2nd year at Tshwane University of Technology and am doing a National Diploma in Surveying, and am in need of in-service training for the year 2019 in order to complete my National Diploma.

My previous experience in the field of construction as an intern student at Forz construction has helped me to understand the field of construction better and to attain other necessary skills which we are not taught about at school. Am a highly motivated student and I am strongly convinced that I have the necessary skills to carry out surveying tasks successfully when put to test.

Getting the in-service training would mean the world to me and will certainly do everything that's within my capabilities to ensure that I perform to my level best in all the tasks which have been given to me.

I believe I will be hearing from you soon.

Sincerely

Tebogo Chirwa
