

PROFESSIONAL LAND SURVEYOR

CAPE TOWN

A firm of Professional Land Surveyors, currently has a permanent full-time vacancy in their Cape Town (CBD) office for a dynamic individual, who will form part of their technical team.

The responsibilities of the job incumbent include:

- Perform duties related to land surveying for identifying land ownership, property boundaries and Sectional Title.
- Conduct records management activities and perform historical and legal land ownership research.
- Develop and inspect land surveying project contracts.
- Support field measurement and layout.
- Conduct standard calculations to identify areas, elevation and volumes of field survey notes.
- Conduct basic calculations using field note data.
- Read, utilize and interpret design drawings and topographic maps.
- Study, learn and interpret CAD computer applications.
- Provide consistent and superior quality documents for survey, design and building projects for clients.
- Perform as cadastral issue matter expert as team member.
- Liaise with team and clients regarding projects.
- General office administration.

The ideal job incumbent must adhere to the following person specifications: • BSc-Survey/Geomatics Degree (BSc-Survey/Geomatics) • Registered as a Geomatics Professional with the South African Geomatics Council • Computer literacy (good working knowledge of GPS software, MS Office, CAD Software, AlleyCAD (preferable) and AutoCAD programs) • Detail orientated • Excellent communication (English) and interpersonal skills • Good report writing skills.

All suitable candidates are requested to submit applications (condensed CV's), to Elda Nieuwoudt, at admin@innovativehr.co.za by 15 March 2019. Please quote the name of the position in the subject line of all emailed applications. Should you not be contacted within two weeks after the closing date, then unfortunately your application can be regarded as unsuccessful.
