*A Candidate Geomatics Practitioner (CGP or PLST), with a B.Sc degree in Geomatics (Land Surveying) from University of Cape Town (UCT). I have experience in data analysis and basic surveying skills. Fluent in English and isiXhosa.*

## EDUCATION

### **2012-2016: Bachelor of Science (Geomatics), University of Cape Town**

- Majors : Surveying
- Modules: Statistics, Mathematics, Computer Science

### **2011: National Senior Certificate, Percy Mdala High School, Knysna**

- Majors: Mathematics, Physical Sciences, Life Sciences, Geography

## ACHIEVEMENTS AND LEADERSHIP POSITIONS

**2013:** Tutor for First Year Mathematics in Glendower Residences

**2011:** Top Two Student at school

## WORK EXPERIENCE

### **2018-present: FJC Geomatics – Candidate Geomatics Practitioner(PLST) – Part time**

- In this company I got exposure on setting out of boundary beacons for low-cost houses
- Amongst other things, I have learnt sectional title procedures (field measurements and office work)

### **2017-2018: African Consulting Surveyors – Candidate Geomatics Practitioner(PLST) – Full time**

- I have learnt a lot in this company with regards to Engineering Survey(Road and Setting out buildings) and also a lot of GPS work(Beacon Relocations, Detail Surveys)
- I have spent a month and a half in Limpopo on a GIS Project for Eskom near Groblersdal

### **2015: Lloyd and Hill Inc. – Vacation work**

- Learnt how a laser scanner is used and how it is combined with a theodolite to complete a job.
- I also had practical experience in beacon reconstruction.

### **: Rural Development and Land Reform – Vacation work**

- Learnt how to work as a team and thus this improved my communication skills as well.

### **2014: NPM GEOMATICS Inc. – Vacation work**

- Excellent experience in working under pressure; I have also learnt how to concentrate and work for long hours. Have learnt how to collect, capture, process and analyse data.

## **SKILLS**

**Languages:** Fluent in Xhosa and English.

**IT:** Basic knowledge in computer programming in Python and Scilab. Sufficient knowledge of MS Excel, Powerpoint and Word. And also the basic knowledge of Model Maker, ArcGIS and Draghtsight.

**Communication:** good oral communications that are developed through presentations and work-related interactions.

**Leadership and Teamwork:** Tutoring at residence allowed me to gain experience in leading and at school I was involved in rugby first XV, this has helped me a lot in terms of team work and leadership as a senior player.

**Data gathering and analysis:** Geomatics projects have helped me a lot in data collection and analysis.

**Project Management:** Experience gained through tutoring workshops.

## **INTERESTS**

- Enjoy playing cricket and rugby
- Jogging
- Table Tennis
