TO WHOM IT MAY CONCERN

23 January 2020

In October 2019, we, Cape Geomatics needed the assistance of an extra survey technician, on a temporary basis. One of our permanent survey technicians was on maternity leave and one principal, away for a month.

We employed Sibongiseni Shandu for the months of October, November and December of 2019. He assisted with all aspects of running an independent survey team. Initially his work was relatively slow due to not being familiar with our equipment and our software. He showed pleasing initiative, and quickly learned what was needed to be efficient, always asking questions and seeking clarification.

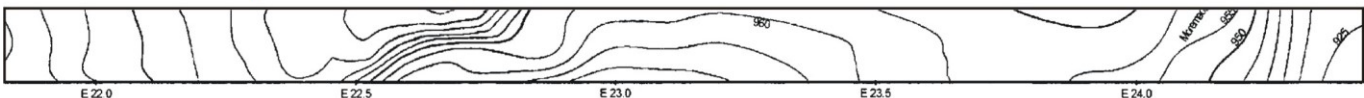

Mr. Shandu is a quiet-spoken, respectful and diligent young man, that pays attention to detail. He can see a task through to the end and always arrived at work far earlier than expected. He is polite and interested. It was a pleasure to employ him for those few months.

I wish him well in his future endeavours. He certainly has the demeanour fit for a valuable member of any establishment.
