Application for internship

Dear Recruiter

I have recently discovered a job posting and I would like to apply for Land Surveying intern position at your organization.

I am looking for an inservice training opportunities or entry level position in Land Survey from which I can launch my career. I am organised, bright and confident school leaver who is willing to work closely with various stakeholders to learn and grow my skills. With an opportunity in your organization for a period of 12 months I also be able to obtain my NDip Surveying.

I have good communication skills and I have the ability to establish working relationship at all level. I have computer literacy skills (Microsoft word, excel, database, power point and internet), knowledge and understanding of Surveying mechanism I would like to apply all my knowledge and skill to a working environment. I am able to take on the responsibility of this position immediately and I have the enthusiasm and determination to make success of it.

Kind regards

Lesiba Lekalakala
