- I receive Survey task request then I do planning, analyse, collect data, process data and deliver the final product to the client
- I graduated at Tshwane University of Technology for **National Diploma in SURVEYING** under the department of Geomatics.
- **I have participated and gain exposure on the following types of Survey Project:**
 - Triangulation
 - Levelling
 - Precise Levelling
 - Traversing
 - Computer Data processing
 - Topographical Survey
 - Engineering Construction
 - Cadastral Survey
 - Control Survey
 - Hydrographical Survey
- **Office Software's used to process data:**
 - Microsoft excel
 - Microsoft word
 - Microsoft power point
 - Model maker
 - Hypac
 - Surpac
- **Equipment's used to collect data:**
 - GPS
 - Total station
 - Dumpy level
 - Digital Level
 - Trimble s6 robotic total station
 - Theodolite

CURRICULUM VITAE OF THABO PAULOS MSIZA

(NOTE: Refer to the attached daily report of the job that have been done by me it shows the Task description of the project, number of days spent on office and field and how big was the project)

3. EMPLOYMENT HISTORY

- **Department Of Water And Sanitation: Learner Intern (Survey Training): Practical 1 and Practical 2 (January 2016 till December 2020)** I gained a twelve month experience in the field, now I'm familiar with the survey working environment, and I can be able to apply the theory that I have learnt during classes and apply it practically in surveying environment.

I have participated and gain exposure on the following types of Survey Project:

Triangulation

Levelling

Traversing

Computer Data processing

Topographical Survey

Engineering Construction

Cadastral Survey

Control Survey

Precise Levelling

- **TUT: Student Tutor: (January 2015 till December 2015)** I worked as a student Mentor at Tshwane University of technology, for the department of geomatics. My responsibility and achievements were on assisting the students (Mentee) to maximize their full potential through the effective and efficient use of the institutional resources. I gained the ability to work with team, communication skills, and the ability to work and learn from others, the ability to perform physical and challenging demanding duties.
