

Jessica Muller

OBJECTIVE

I want to further my knowledge and experiences as well as make use of my free time and get my foot in the door of the working world.

ABOUT

Currently in my second year of BSc Geoinformatics at Stellenbosch University, I am a motivated and responsible self-starter. I am a South African citizen born in Suriname, South America and educated in North America, Australia and South Africa.

My interest in science and geography is what motivated me to pursue a career in Geoinformatics.

I intend to learn as much as possible and make myself as useful as possible in a working environment.

ASSOCIATIONS AND MEMBERSHIPS

Trustee on the Hagerhof BC SS38/1996 body corporate

TECHNICAL/SOFTWARE SKILLS

Proficient in Microsoft Word, Excel, PowerPoint

Coding abilities in Java

GIS abilities in ArcMap and QGIS

EXPERIENCE

I have very little work experience other than small part-time waitressing and bartending jobs.

In the GIS field I have done a number of university course work projects classifying satellite imagery and creating orthorectifications of satellite imagery.

In the coding field I have completed multiple university projects in Java including making arbitrary games and a photo analysis program that could count how many spots there were on a picture of a cheetah.
