

## IN-SERVICE TRAINING AT JOUBERT & BRINK SURVEYS

15 December 2021

Joubert & Brink Surveys is a professional surveying company specializing in topographical, engineering and construction surveys since 1996, almost 26 years.

Based in Bellville, our surveying services are required mostly in and around the Western Cape, applying our trade to any type of project our teams and equipment can handle. From dirt roads to national roads, from industrial districts to wine cellars, from busy residential areas to open farmlands, from private homes to the massive infrastructure that services that very home.

This is a great opportunity for any student or scholar who is planning to pursue a career in surveying or any other engineering related occupation. It is also open to any student or scholar who wants to broaden their knowledge in this particular field.

Joubert & Brink Surveys is looking to appoint willing survey assistants for the year 2022, who we can train and educate in this field.

The basic requirements to explore the surveying experience are:

- Basic Mathematics as surveying is about numbers, numbers and more numbers
- Be physically active and comfortable with the outdoors in all four seasons
- Must have a valid driver's licence
- Must be able to converse in English and/or Afrikaans

Interested applicants can send their CV to: [jbsur@mweb.co.za](mailto:jbsur@mweb.co.za)

J.W.K. Brink (Jimmy)
