ASHAR SINGH

GEOMATICS TECHNOLOGIST

OBJECTIVE

I am a self-motivated graduate from the Durban University of Technology in which I completed my Geomatics engineering degree (BBE Geomatics, 2022. Awaiting graduation). I am seeking an entry-level position/internship/graduate program for this year, 2023. I am a quick learner with surveying/geomatics equipment and have done multiple practicals throughout my degree. Some of the equipment I am familiar with are spirit and digital levels, total stations, GPS rovers and the BLK360 scanner. I am also computer literate and skillful in the use of survey packages such as Model Maker, Surpac and ArcGIS. I would describe myself as organized, hard-working, open minded and meticulous. I work well in a team and being under pressure. My future aspiration would be to receive good training in the Geomatics/Land surveying and GIS fields. I also hold a valid code B driver's license.
